

WORK OF O.I. KANDYBA IN KIEV CITY REZNITYES.

Moldovan O. G.

Veterinarian, slaughterhouses, community.

While working at Kyiv city slaughterhouses (1909-1919), O.I . Kandyba carried out a great public work as a Member of Community of Veterinarians (establishment of Kyiv Veterinary and Zootechnical Institute, formation of Ukrainian civil and military veterinary, carrying out veterinary congresses, putting into circulation Ukrainian veterinary terminology, formation of veterinary-sanitary rules at the slaughterhouses).As a member of the Society veterinarians Ukraine, Al Kandyba participated in the opening of the Kiev veterinary and zootechnical INS-titut, establishment of Ukrainian civil and military veterinary medicine, veterinary conventions, putting into circulation Ukrainian veterinary terminology, the formation of veterinary and sanitary regulations on differences.

The veterinarian differences company.

After the Kharkiv Veterinary Institute Al Kandyba intended to continue their studies at the St. Petersburg Military Medical Academy, where trained veterinarians for the army. This decision may have arisen because publishing poet and opportunities for cooperation with the Russian alphabet, nicks [3]. After graduation, Al Kandyba looking for work, living in Zhytomyr.

Up to 1888. m. Kyiv operated 17 small private differences were located throughout the city and were unsanitary. These differences have caused great dissatisfaction in the urban population, and Kyiv City Council decided to close the existing and open new urban differences.

On October 1, 1909 OI Kandyba was assigned to the post of Kyiv City veterinarian differences [4] (original language)
