

THE ISSUE OF PERMANENT RESEARCH WORKSHOPS FOR  
MENTORS I ST YEAR NUBIP UKRAINE.

**Matsenko L. M.**

*Tutor, educator work, student group.*

In the article the problem of organization of scientifically-methodical seminar is examined «Methodology of educator work of tutor of student group» for the tutors of 1th course of NUBIP of Ukraine. The results of questionnaire of tutors of 1th course of NUBIP of Ukraine are described.

Since 1997, by order of the Rector Academician Melnychuk the university has a permanent scientific-methodical seminar «Methods of educational mentor student group» for tutor of student group. Organization of the workshop involved the Department of Pedagogy and educational center of cultural, educational and social work NUBiP Ukraine. In our university repeatedly asked members of other universities in Ukraine to help in organizing a workshop for mentors to share experiences and research and teaching materials developed in Ukraine NUBiP.

In further we plan to perfect work of seminar for tutors, taking into account them to suggestion and to renew the executable educational code of seminar due to the pressing questions of theory and methodology of educator work.
