

ANNIVERSARY M. P. MOMOTENKO AND PRESENT AGRICULTURAL ENGINEERS OF UKRAINE *D. G. Voytyuk*

Ph.D., Corresponding Member of NAAS e-mail: sgms@ukr.net May 19, 2016 marks the 85th birthday of the outstanding engineering service manager, known statesman of Ukraine, one of the creators of «Agriculture», Nikolai Petrovich Momotenka. This date is dedicated to the XII International Conference "Rational energy technique", which carried National University of Life and Environmental Sciences of Ukraine, and the Polish Academy of Sciences in Kiev, Polish Academy of Sciences in Lublin Department, Academy of Engineering Sciences of Ukraine, Ukrainian Association of Agricultural Engineers.

The conference being invited fellow MP Momotenka known heads of state and agriculture: Alexander Moroz, Vsevolod I. Feda, Vyacheslav Lysenko Vasily Fedorovich Shpak, Boris I. Kirichenko, Victor A. Lehun, Garanin Vasily, Vasily Tsyura, Vladimir Fedorovich lame and well-known foreign and domestic scholars in the field of mechanization: Eugeninsz Krasowski, Henryk Sobczuk, Mamuka Benashvili, Vladimir Gorobet, Stanislav Sosnovski, Piotr Kuzniar, Valery V. Adamchuk, Vladimir Kravchuk, Alexander V. Sydorchuk, Alexander P. Levkovsky Mikhail Kovalev Franzevich and others.

Paying tribute to the brilliant engineer and statesman high, it is appropriate to understand the phenomenon of its prominent figures in the agricultural sector.

Odessa Anelina Adalin poet wrote these lines:

No, We do not rozhdaemsya with dushoy:

Zhyznyu vyrabatyvaem soul.

Этой поправкой неbolshoy

Vechnuyu yllyuzuuyu razrushu -

Fear and starina novyzny -

Вымыслу of frailty - not verte:

Smertnyy to Light We rozhdeny,

To earn Avto bessmerte.
